### **Senior State Flyers**

Short Course  
The short course flyer is set and ready to go and it was agreed it worked well last year.

Long Course  
It was discussed and agreed by those present that the meet should be a four-day format. Mike Chasson will create a new order of events to be distributed to the committee for discussion. The goal will be to move the distance events to the morning to have cooler water and less swimming in the hottest part of the day.
